Trudy Robinson

It is with great pleasure that I recommend Trudy Robinson for complex Senior Project Management roles.

I have known Trudy for a number of years through my roles as non-executive Director of Ergon Energy Ltd and Energex Corporation Ltd, Managing Director of Grainco Australia Pty Ltd and Executive Director of the Abused Child Trust. Trudy has always displayed a high degree of integrity, responsibility, and drive. She is definitely a leader rather than a follower but with a strong sense of social responsibility which has driven her success both as a contracted company executive and an entrepreneur.

In addition to her excellent academic accomplishments, Trudy has proven her organizational ability by successfully running a small consulting practice while studying, raising her family, as well as finding time to deliver real, material, outcomes to a worthy charitable concern.

During our many conversations, Trudy has consistently demonstrated her good judgment and mature outlook to ensure a logical and practical approach to the project in hand but in a way that is consistent with her longer-term ambitions and the outcomes, usually time-critical, sought by her clients.

Trudy is highly results-oriented and will always crash through to fully deliver on specified project deliverables on time and on budget; I am happy to give my wholehearted support to her Project Management credentials.

Sincerely,

David Woodall
Chairman
